Good morning,

This is in regards to the situation at the Bellaire WWTF. As you are aware, our discharge numbers have reached a somewhat critical level. Fortunately, we have gotten to a point where we can and have ceased to discharge as of Friday Sept 19th. We have the space to hold our flows until the newly renovated Pond #1 comes online Oct 7th. Then we will have our influent filling that Pond as we upgrade Pond #2.

We appreciate your patience as we have been working hard to meet our NPDES permit limits to this point. We will keep you abreast of any significant changes as they occur.

Thank you,

Ron Schroeder-Operations Specialist
